

Dining at Gravetye

Due to the coronavirus pandemic, it has been necessary for us to make changes to how we operate to ensure that we will still be able to offer the best possible experience. The curfew and social distancing mean that we are unable to accommodate the same number of guests in our dining room as we used to.

Resident Dinner

If you have made a bedroom reservation online or by calling the hotel then a table in our dining room will be automatically reserved for you on each evening of your stay. This will happen even if there is no dinner availability showing online.

Non-Resident Dinner

There is limited availability for non-resident dinner guests. If there is no availability showing online for your chosen date, please email info@gravetyemanor.co.uk or call 01342 810567 to be placed on a waitlist. Tables are typically released approximately one week in advance.

Afternoon Tea

will no longer be available from the 1st December 2020.
