

## COVID Protocol

*(This document is constantly under review and subject to changes in the governments guidelines)*

Step Four of the road Map from Monday 19th July.

As you are aware from July 19th the government will relax the social distancing restrictions, allow unlimited numbers to meet outside and inside and forego the compulsory wearing of facemasks.

At Gravetye we are planning a cautious approach, we appreciate that some guests may still wish to wear a face mask in public areas of the hotel. With summer on our side we will have windows and doors open. We have chosen not to increase capacity in our dining room to give our guests a more spacious dining experience.

Upon entering the Manor you will have the option of a temperature check and the hand sanitiser will be available. You will see our team members will be wearing a facemask, in light of the increasing Covid numbers we felt this was prudent. We have also encouraged all our team to take the vaccination and will continue with lateral flow tests on a regular basis.

We will where possible observe 1m social distancing, however if you do have concerns please make us aware and we will endeavour to make your stay as comfortable as possible.
